GLOBAL HUMAN INTERACTION

Register Now for Biosimilars LatAm - Brazil 2023 for the best price! Join us on August 16th and 17th at the Radisson Paulista Sao Paulo hotel for this highly anticipated in-person forum.

Discover challenges faced by CDMOs in Brazil and showcase their past and present successes, highlighting their strengths as a mechanism for pharmaceutical production. The potential of CDMOs in Brazil remains promising, especially when combined with other production avenues provided by the Brazilian government. Through strategic partnerships, leveraging technological advancements, and receiving regulatory support, CDMOs can significantly contribute to the growth and sustainability of the pharmaceutical industry. Ultimately, this collaboration will benefit both the sector and patients in Brazil. Our esteemed panelists for this session include:

- Fernando da Costa Ribeiro, Third Parties Service Manager at Eurofarma, Brazil
- Fernando César Barbosa, Founder & CEO at Biotimize, Brazil
- Thiago Mares Guia, Executive Vice President at Bionovis, Brazil

These industry experts bring a wealth of experience and knowledge in the field of CDMOs and will provide valuable insights into the current landscape and future prospects in Brazil. This panel session is a must-attend for anyone interested in understanding the role of CDMOs in the Brazilian pharmaceutical industry.

The best price offer is available until July 16th. Take advantage of this exclusive pricing and be part of the change for LatAm's biosimilar landscape.
