The accelerated growth of FinTechs has created challenges and opportunities that push sector players to adapt to the complexities of the new regulatory framework.

In order to present one of the most fundamental concepts in the FinTechs environment, Fundação Getulio Vargas (FGV) invites you to the webinar REGULATORY SANDBOX, which will address practical aspects and guidelines to implement and operate this framework in Brazil.

The event will feature the participation of Carlos Eduardo de Almeida (Central Bank of Brazil - BCB),

Solange Paiva Vieira (Brazilian Federal Private Insurance Agency - SUSEP), and Armando Castelar (Brazilian Institute of Economics - IBRE / Direito Rio - FGV).

Invited Speakers:

Carlos Eduardo de Almeida - Advisor at the Licensing and Resolution Board Central Bank of Brazil - BCB

Solange Paiva Vieira - Superintendent Brazilian Federal Private Insurance Agency - SUSEP

Armando Castelar - Applied Economy Coordinator and Professor Brazilian Institute of Economics - FGV IBRE / FGV Direito Rio

Free attendance

Lecture in Portuguese | Simultaneous translation in English will be available on Zoom
